

### Rodent Matchmaking Form

TIME: \_\_\_\_\_

Not all rodents may be suited to all situations; not all adopters may be suited for all rodents. We aim to make the best match possible when helping you to find a new best friend. The questions we ask help us to do so. Please provide as much pertinent information to your counsellor so we can find the pet most appropriate for you and your family.

You will be required to show current photo identification bearing your current address. We reserve the right to deny adoptions.
