ANSWER: You cannot tell just by looking at a dog, and it really does not matter!!!

Even experts cannot guess the breed mix of a dog. Every dog is different, with their own unique personality and behaviour.

Because of this, the Winnipeg Humane Society is no longer labeling dogs as a breed.

Adoptable dogs are classified as:

- Small breed (up to 10kgs)
- Medium breed (between 10-20kgs)
- Large breed (over 20kgs)

ADOPT. DON'T SHOP!
